

On the following page is a MARKED-UP version of the replacement paragraph for the paragraph on Page 11, line 12 through line 14 in Patent Application 10/077,072. This amendment complies with 37 CFR 1.121(b)(1)(iii).

The ground extension is adjacent the first electrode and is separated from the first electrode by a dielectric. The ground extension drains RF current ~~charge~~ from the plasma boundaries and includes a RF grounded conductive surface.

On the following page there is a CLEAN version of the replacement paragraph for the paragraph on Page 11, line 12 through line 14 in Patent Application 10/077,072. This amendment complies with 37 CFR 1.121(b)(1)(ii).

Sub C17
/ 2 1

The ground extension is adjacent the first electrode and is separated from the first electrode by a dielectric. The ground extension drains RF current from the plasma boundaries and includes a RF grounded surface.
